

What goes on the board each week

Some magnets stay on all the time. Each Sunday you add that week's set. Everything else rests on the side of the fridge.

A. ALWAYS ON THE BOARD, ALL YEAR (weekly jobs)

Put these back in their colour box after counting, every Sunday. They never go to the resting spot.

E. WHERE ARE WE? Week marker and cycle marker

Draw these circles on Board 3 in dry-erase pen. Put a spare magnet on this week's circle (W) and this cycle's circle (C).

W1	W2	W3	W4	C1	C2	C3
----	----	----	----	----	----	----

F. SUNDAY, STEP BY STEP

- Count the week's points (Done magnets and pen tally) and add them to each person's overall total.
- Always-on magnets (A): put back in their colour box on Board 1.
- Last week's extras (B and D): put them on the side of the fridge, in colour piles.
- Move the week marker on (after W4 go back to W1 and move the cycle marker on one circle).
- Take this week's extras (B) and this week's 3-month jobs (D) from the fridge side. Put each in its colour box.
- When the team reaches the goal: the person with the most points (and at least 2,500) wins choosing the film on pizza night.
